

# Soothing Facial Rinse

Alcohol-free toner for all skin types

## P R O D U C T F A C T S H E E T

packaging size (retail)	professional size	trial size	sample available	product pH level	product should last
198ml bottle	NA	NA	NA	Skin-Neutral	2-3 months

## Primary Benefits

A calming, alcohol-free toner that gently hydrates skin after cleansing. This refreshing toner nourishes skin with a blend of plant and algae extracts and helps prepare skin for other anti-ageing products. Ideal for all skin types, especially those with sensitive skin.

## Points of Difference

An alcohol-free formula that provides multiple benefits and balances the skin's pH to promote long-term skin health. An extract from Red Algae hydrates the skin after cleansing. Arnica Montana Extract, Grape Seed and Troxerutin helps to reduce redness and inflammation. Aloe, Bisabolol and Camomile soothe and calm irritated skin. Soothing Facial Rinse can also be used after non-invasive professional treatments when skin is more sensitive.\*

## Who Benefits

All skin types, especially those with sensitive skin. Great for those looking for an alcohol-free toner that balances and hydrates skin, or anyone wanting to calm the skin and reduce the appearance of redness. Can be used to restore balance to sensitive skin post-procedure.\*

## How to Use

After cleansing, saturate a cotton pad with toner and gently swipe across face. Can also be applied with fingertips so product is not lost in the cotton pad. Avoid eye area. Use twice daily, morning and evening, for best results.

## Formulation Information

This formula has a skin-neutral pH and is oil-free, artificial dye free, artificial fragrance free and formulated without parabens, sulphates, phthalates and alcohol. It is safe for pre- and post-procedure skin.\*

### Ingredients

WATER (AQUA), GLYCERIN, PEG-8, BIOSACCHARIDE GUM-1, ALOE BARBADENSIS LEAF JUICE, GLYCERYL POLYACRYLATE, ARNICA MONTANA FLOWER EXTRACT, ALLANTOIN, TROXERUTIN, CHAMOMILLA RECUTITA (MATICARIA) FLOWER EXTRACT, VITIS VINIFERA (GRAPE) SEED EXTRACT, PANTHENOL, AHNFELTIOPSIS CONCIINNA EXTRACT, COPPER PCA, BISABOLOL, LAVANDULA ANGUSTIFOLIA (LAVENDER) FLOWER EXTRACT, BUTYLENE GLYCOL, ROSA DAMASCENA FLOWER EXTRACT, POLYSORBATE 20, PEG/PPG-14/4 DIMETHICONE, PENTYLENE GLYCOL, DISODIUM EDTA, HYDROXYETHYLCELLULOSE, SODIUM CITRATE, CARBOMER, LEUCONOSTOC/RADISH ROOT FERMENT FILTRATE, ETHYLHEXYLGLYCERIN, PHENOXYETHANOL, POTASSIUM SORBATE.

\*Revision Skincare® products are not intended for use on broken skin and should only be used once the skin has fully healed following a procedure.

# Soothing Facial Rinse

Alcohol-free toner for all skin types

## F R E Q U E N T L Y A S K E D Q U E S T I O N S

**1 Why do I need to use a toner?** Depending upon the type, a toner can function like a final rinse to the skin after cleansing, or it can help restore the skin's pH and add moisture back into the skin. This makes it a must-have for those using chemical or physical exfoliants and/or Retinoids to help balance the skin. It is also perfect to help prepare the skin for treatment products or for use on sensitive skin post-procedure.\*

**2 What are the ingredients that help soothe and nourish the skin?** Allantoin, Aloe, Bisabolol and Camomile calm the skin. Rose and Lavender are other calming ingredients that provide additional antioxidant benefits. Biosaccharide Gum-1 nourishes and hydrates the skin.

**3 Which ingredients help to reduce redness and inflammation?** Troxreutin, Arnica Montana Extract and Grape Seed have been shown to help reduce redness and calm irritated skin.

**4 Is this toner fragrance-free?** Yes. There are no artificial fragrances in Soothing Facial Rinse. It is naturally scented with Lavender and Rose Extracts.

**5 Other toners have made my skin tingle and feel tight, but this one doesn't. Is it working?**

Yes. Most toners that leave your skin feeling tight usually contain Denatured Alcohol and/or Witch Hazel. Soothing Facial Rinse does not contain either of these ingredients as it was formulated to be used by all skin types, especially sensitive skin. Those with normal, dry or sensitive skin should especially use an alcohol-free toner. It contains multiple ingredients with moisturising properties such as Glycerin, Biosaccharide Gum-1, Allantoin, Ahnfeltiopsis Concinna Extract (from red algae), Panthenol and Copper PCA which leave skin feeling soft and healthy.

**6 What is Copper PCA?** Copper PCA is a trace mineral that has astringent, hydrating and antioxidant benefits.
