

Hydrating Serum

Oil-free moisture for all skin types

PRODUCT FACT SHEET

packaging size (retail)	professional size	trial size	sample available	product pH level	product should last
30ml bottle	227ml	15ml	3ml tube	Neutral	2-3 months

Primary Benefits

Ultra-light, anti-ageing serum contains Hyaluronic Acid and other potent humectants for intense hydration. Immediately plumps skin and improves texture. Firms and nourishes the skin for reduced lines and wrinkles. It can be used alone for oily skin types, or layered with other products for a boosting effect.

Points of Difference

Contains High and Low molecular weight Hyaluronic Acid plus Biosaccharide Gum-1 for short- and long-term hydration, along with other super hydrators, Sodium PCA and Sodium Lactate. An optimised blend of Watermelon, Lentil and Apple Fruit Extracts increases skin's own natural moisturising factor (NMF) and keeps the skin more uniformly hydrated. Honey and Hydrolyzed Hazelnut Protein decrease transepidermal water loss (TEWL) for softer, smoother skin. Pomegranate Extract and Vitamin E provide powerful antioxidant benefits. Palmitoyl Tripeptide-5 helps reduce the appearance of fine lines and wrinkles.

Who Benefits

All skin types.

How to Use

Apply to clean skin. Dispense into palm of hand and gently apply to face. Avoid eye area. Can be used twice daily or as needed throughout the day for extra hydration.

Ingredients

WATER (AQUA), GLYCERIN, BIOSACCHARIDE GUM-1, SODIUM HYALURONATE, PALMITOYL TRIPEPTIDE-5, CHONDRUS CRISPUS EXTRACT, GLYCERYL POLYACRYLATE, HONEY (MEL), HYDROLYZED HAZELNUT PROTEIN, PUNICA GRANATUM EXTRACT, TOCOPHERYL ACETATE, MACROCYSTIS PYRIFERA EXTRACT, CITRULLUS LANATUS (WATERMELON) FRUIT EXTRACT, LENS ESCULENTA (LENTIL) FRUIT EXTRACT, PYRUS MALUS (APPLE) FRUIT EXTRACT, BUTYLENE GLYCOL, SODIUM LACTATE, SODIUM PCA, POLYSORBATE 20, LEUCONOSTOC/RADISH ROOT FERMENT FILTRATE, ETHYLHEXYLGLYCERIN, SODIUM POLYACRYLATE, PHENOXYETHANOL, CITRIC ACID.

Hydrating Serum

Oil-free moisture for all skin types

F R E Q U E N T L Y A S K E D Q U E S T I O N S

1 What is Sodium Hyaluronate? Sodium Hyaluronate (Hyaluronic Acid) is a natural moisturising factor found in the dermis that binds moisture and draws it into the skin. It can hold approximately one thousand times its weight in water.

2 What is the difference between low molecular and high molecular weight Hyaluronic Acid?

High molecular weight Hyaluronic Acid remains in the upper layers of the stratum corneum and is known to be one of the best moisturisers for skin. Low molecular weight Hyaluronic Acid increases moisture penetration.

3 Which other ingredients provide hydration?

A blend of Watermelon, Lentil, and Apple Fruit Extracts increase the skin's own natural moisturising factor (NMF) and keep the skin uniformly hydrated. Sodium PCA, Biosaccharide Gum-1 and Sodium Lactate provide outstanding hydrating benefits as well.

4 Which skin types should use Hydrating Serum?

Hydrating Serum is beneficial for all skin types. Because it is an oil-free, water-based serum, it's a great moisturiser for oily skin types. For dry skin, Hydrating Serum acts as a moisture booster, locking in moisture when applied prior to a day or night cream.

5 Does this product contain any anti-ageing ingredients?

Yes. Hydrating Serum contains Palmitoyl Tripeptide-5 which helps reduce the appearance of fine lines and wrinkles. It also contains Pomegranate Extract and Vitamin E for added antioxidant benefits.

6 Is it safe to use this product after non-invasive in-clinic procedures?

Hydrating Serum is great after in-clinic procedures because it delivers soothing hydration and nourishment.*

7 Which other Revision Skincare® products work well with Hydrating Serum?

Because it benefits all skin types, Hydrating Serum can fit into any skincare regimen and may be used with all Revision Skincare® products.

*Revision Skincare® products are not intended for use on broken skin and should only be used once skin has fully healed following your procedure. Consult with your practitioner before starting this skincare regimen.
